

Water Sensitive Urban Design – A Stormwater Management Perspective

by Sara Lloyd, Tony Wong, and
Chris Chesterfield

Water Sensitive Urban Design (WSUD) is a philosophical approach to urban planning and design that aims to minimise the hydrological impacts of urban development on the surrounding environment. Its principles can apply to individual houses, streetscapes and precincts or to whole catchments.

Fundamental to successfully applying WSUD principles is an understanding of the performance capabilities of structural stormwater management strategies, their life cycle costs and market acceptance.

This 44-page report targets local government, stormwater management agencies and developers. It summarises the findings of a three-year CRC research project investigating reliable, cost-effective, environmentally-friendly, robust and aesthetically-pleasing stormwater treatment measures

The report centres on the WSUD design process, construction activities and monitoring of environmental, social and economic performance indicators associated with the Lynbrook Estate Demonstration Project in Victoria.

**The report will be available through the
CRC Centre Office from early October 2002
for \$33.00 (includes GST, postage and handling).**

ORDER FORM

To advance order your copy of the Industry Report, MAIL or FAX this order form to the Centre Office.

Copies of *Water Sensitive Urban Design – A Stormwater Management Perspective* cost \$33.00 each (includes 10% GST, and postage and handling in Australia). Overseas orders will incur a postage and handling charge.

For further information contact:

Virginia Verrelli
CRC for Catchment Hydrology
PO Box 60 Monash University Vic 3800
Tel: (03) 9905 2704 or
Fax: (03) 9905 5033 or by
Email: crcch@eng.monash.edu.au

Payment Options:

By Credit Card: Visa, Mastercard and Bankcard only.

Please provide card details (type, name, number, expiry date), signature and the total cost at time of order.

By Cheque: Please make all cheques payable to 'Monash University' and send to Virginia Verrelli at the above address with details of your order.

Payment Details (Please mark with an 'x' in appropriate box)

Payment on Delivery: Please forward me an invoice at the address below and I will arrange for payment by cheque within 14 days of receipt.

Payment in Advance: Please find my cheque or Credit Card details accompanying this order form.

Please send me *Water Sensitive Urban Design – A Stormwater Management Perspective*

_____ copies x \$33.00 = \$_____ (total cost of order)
