5:00 PM	Expo Evening	4:30 PM	Afternoon Tea and Meeting Close
7:00 PM	Workshop Dinner at the Hyatt Hotel		

<b>Jurisdictional Presentations</b>	Presentations by government water management agencies and their progress towards implementation of Source across Australia.
<b>Other Presentations</b>	Hear from your colleagues about their experiences and challenges in applying Source models to specific water management problems.
<b>Expo Evening</b>	An open forum where experts will be set up at booths around the room, where you can discuss your particular modelling challenges with them. Bring your Source projects on a stick to demonstrate your point or problem. This might be an opportunity for you to demonstrate and discuss a community plug-in you have developed. If you wish to set up a booth please advise us in advance to reserve a space. A booth will also be set up where you can talk to eWater about your ideas to expand Source applications and help shape the future of the Source modelling platform.

## Workshop venue

### HYATT HOTEL CANBERRA

120 Commonwealth Avenue  
Canberra, Australian Capital Territory,  
Australia, 2600
